Every Other Tuesday

Program begins:
August/September 2018

By being a mentor, you can increase a child's self-confidence & attention to schoolwork.

Big Brothers Big Sisters provides Arizona youth facing adversity with strong and enduring, professionally supported, one-to-one relationships that change their lives for the better.

Who are the Littles?

The youth in our program come from a variety of backgrounds and experiences, though the majority come from low-income, single parent families or have a parent in prison.

What do Site-Based Matches Do?

You and your Little will meet during the school's lunch/recess time to have lunch together, play outside, meet in the library, play games, do homework and talk.

How Will One Hour a Week Make a Difference?

School-based mentoring is not a tutoring program. However, research has shown that of all children matched with a Big in school:

58% improved their school performance

65% showed higher levels of self-confidence

55% had a better attitude toward school

Learn how you can get involved & help to change a life today!
