The group meets every other Wednesday
4:30 pm - 5:30 pm

By being a mentor, you can increase a child's self-confidence & attention to schoolwork.

Big Brothers Big Sisters provides Arizona youth facing adversity with strong and enduring, professionally supported, one-to-one relationships that change their lives for the better.

Who are the Littles?

The youth in our program come from a variety of backgrounds and experiences, though the majority come from low-income, single parent families or have a parent in prison.

What do Site-Based Matches Do?

You and your Little will participate in structured activities that focus on academic, sports and social activities that help the child build self-confidence and take steps on the path to success.

How Will One Hour a Week Make a Difference?

School-based mentoring is not a tutoring program. However, research has shown that of all children matched with a Big in school:

- 58% improved their school performance
- 65% showed higher levels of self-confidence
- 55% had a better attitude toward school
