By being a mentor, you can increase a child’s self-confidence & attention to schoolwork.

Big Brothers Big Sisters create and support one-to-one mentoring relationships that ignite the power and promise of youth.

Who are the Littles?
The youth in our program come from a variety of backgrounds and experiences, though the majority come from low-income, single parent families or have a parent in prison.

What do Site-Based Matches Do?
You and your Little will participate in structured activities that focus on academic, sports and social activities that help the child build self-confidence and take steps on the path to success.

How Will One Hour a Week Make a Difference?
School-based mentoring is not a tutoring program. However, research has shown that of all children matched with a Big in school:

- 58% improved their school performance
- 65% showed higher levels of self-confidence
- 55% had a better attitude toward school

Learn how you can get involved & help to change a life today!
